

## **JOSÉ ANTONIO HURTADO DE MENDOZA GARCÍA**

CEO/PROPRIETARY MEMBER

Mr. Hurtado de Mendoza García is the Chief Executive Officer of Cox Energy. With over 25 years of experience in the energy sector, since 2007 he has resided in various countries in Latin America (Panama, Colombia, and Mexico), where he has closely experienced the evolution of the energy sector in the region.

Mr. Hurtado de Mendoza worked for 21 years at Grupo Naturgy, where he served as Country Manager in Panama, Director of the Electric Business in Colombia, and was responsible for leading the Company's transformation and digitization project in Mexico. He has also been a member of the Editorial Board of the Business section of the newspaper El Norte and a Counselor of the Spanish Chamber of Commerce. Previously, Mr. Hurtado de Mendoza worked as Product and Project Manager at ABBAstom Power, Project Manager at Alfa Laval, and Project Manager at Dimetronic. Throughout his career, he has been involved in various company acquisition/merger operations, always from the perspective of the acquired company.

He holds a degree in Industrial Engineering from the Higher Technical School of Industrial Engineers of Madrid with a specialization in Electronics and Automation, and has a PDD from IESE Business School at the University of Navarra.
